

Turning 65?

GoHealth can help you transition into Medicare

Have you considered a Medicare Advantage plan? Along with Parts A & B, most Medicare Advantage plans include Part D, plus extra health and wellness benefits.

Make sure you have Medicare Part A & Part B.

Part A

(Hospital Insurance) helps cover:

Hospital Care, Skilled nursing facility care, Nursing home care, Hospice, and Home health services.

Part B

(Medical Insurance) helps cover:

Ambulance services, Inpatient and outpatient mental health, Clinical research, Getting a second opinion before surgery, Durable medical equipment (like crutches).

Medicare Advantage Plans

Medicare Advantage Plans, also known as Part C, are an alternative option to Original Medicare (Parts A and B). Part C is administered by private health insurance companies that comply with Medicare guidelines. Part C provides Original Medicare benefits, extra health and wellness benefits and most include Part D medications.

Medicare Advantage Benefits

- You have the benefits of Original Medicare, and most plans have extras like prescription drug coverage (Part D).
- Medicare Advantage plans can be less expensive than Original Medicare. You can find Part C plans with \$0 premiums and lower co-payment amounts than Original Medicare.
- They pay all medical costs after the maximum out-of-pocket limit is exceeded for the calendar year. Original Medicare does not.

Need help finding the right coverage?

GoHealth licensed insurance agents can help you discover additional Medicare coverage options.
